

TRANSFORM4EUROPE DECLARATION FOR EUROPE DAY 2022

9 May is Europe Day – the day on which we celebrate peace and unity in Europe.

It is fitting that it is also the day on which our alliance, Transform4Europe, will hold its inaugural Transform4Europe Week – a week of activities that is intended as an annual celebration of unity and collaboration within our European University. Open dialogue, free exchange of ideas and interaction across the borders based on the values of liberty, equality and reason lie at the very core of any university. The Transform4Europe Alliance is a cooperative undertaking which aims to renew and foster European integration by building bridges that span national, cultural and linguistic borders. At the time when militarism and imperialism have raised their heads in Europe again, our active involvement in upholding and defending the fundamental principles of European integration is more important than ever.

We are committed to ensuring that our Alliance will help to shape the future model of higher education in Europe. The universities in the Transform4Europe Alliance are lighthouses that seek to personify the core European values. By highlighting innovation, collaboration and development, Transform4Europe aims to directly address the social, green and digital challenges of our time and strive for a better, more humane and sustainable future through transformation. Science, culture and arts are the bedrock of all flourishing human societies. Through successful transformation of our institutions to encourage greater cooperation across all fields we ultimately aim to transform Europe by helping to shape the solutions required to meet the challenges of the 21st century.

Universität des Saarlandes
