Liechtenstein

Norway grants

The "Islands of Knowledge" project benefits from a grant of €155,956.00 from Iceland, Liechtenstein and Norway under the EEA Funds. The project aims to develop a culture of quality in the education sector by diagnosing, planning, developing and implementing by 30.04.2024 a concept of university education based on universal design, inclusive and personalised education, as well as the teaching of key skills from the point of view of socio-economic needs and competences necessary for the free adaptation of students and graduates of the University of Silesia in Katowice to changing times.

ACTIVITIES CARRIED OUT UNDER THE PROJECT "ISLANDS OF KNOWLEDGE" PROJECT	
Module Title:	<i>The prognosis for climate change in Katowice</i>
Task:	<i>Development, implementation and evaluation of classes in the team form of excercise modules</i>
Instructor:	<i>Dr Paweł Wąsowicz, PhD</i>
Course content:	<ol style="list-style-type: none">1. Selection of the model for climate research (MIROC6 and submodels of atmosphere, land and ocean)2. Selection of bioclimatic predictors3. Presentation of SSPs based on mean data4. Climate change scenarios for 2021-2100 AD on the example of the city of Katowice based on climate data from the WorldClim database.
Literature:	<ol style="list-style-type: none">1. DKRZ, The SSP Scenarios, (https://www.dkrz.de/en/communication/climate-simulations/cmip6-en/the-ssp-scenarios (30.04.2023).2. Tatabae H. et al., Description and basic evaluation of simulated mean state, internal variability, and climate sensitivity in MIROC6,

ACTIVITIES CARRIED OUT UNDER THE PROJECT "ISLANDS OF KNOWLEDGE"	
Module Title:	<i>City 2040 - climate self-sufficient?</i>
Task:	<i>Development, implementation and evaluation of teaching activities in the form of tutoring</i>
Instructor:	<i>mgr Artur Tyński</i>
Course content:	<p>1. Introduction to the European Union's climate policy in economic, legal and social terms</p> <p>2. Introduction to EU legislation on the role of local and regional authorities in the energy transition process</p> <p>3. Introduction to Polish strategic documents covering the energy sector</p> <p>4. Introduction to Polish laws regulating energy communities and the climate policy of local self-governments</p> <p>5. Familiarisation with energy communities operating in Poland (energy cooperatives, energy clusters)</p> <p>6 Study visit to Racibórz city</p> <p>7. Study visit to power plants indicated by the Tauron Group</p> <p>8. Meeting with a representative of the Jagiellonian Institute</p> <p>9 Group work</p>
