**26-30 September 2023**

**1504, Sofia; 15, Tsar Osvoboditel Blvd., Bulgaria**

SOFIA UNIVERSITY ST. KLIMENT OHRIDSKI

#### Tentative programme

\*25th September and 1<sup>st</sup> October 2023 – Travel days

\* 1 week before the event - online classes for PhD students and young researchers

\*Courses offered during the Week:

- **General (All T4EU Thematic areas): *Becoming a researcher***

The focus of this course is on the process of doing a doctorate. It follows the process from the preliminary decisions about topic through analysis of scientific literature, determining an appropriate methodology to presenting and analysing data and the significance and potential impact of the findings.

It is expected that students will have a better understanding of the nature of doctoral research as well as improved knowledge of research design, analysis of data and the process of writing a doctoral.

ECTS - 5

*The content of this event represents the views of the author only and is his/her sole responsibility. The European Commission and the Agency do not accept any responsibility for use that may be made of the information it contains*

- **Specialised (Environmental Transformation): *Digital geo twining for a more effective adaptation of urban environments to climate change***

The course includes training in unmanned aerial vehicles (UAS) based geodata collection, processing, analysis and geovisualization of the results.

Classes will be held in the city of Burgas with organized travel from Sofia – Tuesday to Friday  
ECTS – 2

- **Specialised (Societal Transformation): *Access to information in digital platforms. Media and media structure in Bulgaria.***

The course will focus on formats of media content and generation differences in access and usage of media content in digital platforms. One of the emphases will be on the transformation of media systems in Bulgaria over the past 20 years.
