2.

Vytatus Magnus University

There are many things that student does

Exams Homeworks Mid-Terms Projects

But students life includes so much more

Students want to grab some snacks, have fun, be active

So we suggest to create place with

New canteen, sports centre, hang out area

We crave for changes

3.

University of Trieste offers

High theoretical education

International mobility

High-level research

Despite that...

We need to improve

- collaboration between departments
- lab activities
- Internships

And add

- programming courses
- personal development courses

What can be done?

career plan, programming courses, modern instruments, team working, internships, project management, interpersonal skills, networking, masters

University of Trieste: Eva Fumo, Simone Adorinni, Ludovica Caiola

4.

Saarland University

Integrating Foreign Students

Members: Mansoor Ahmad, Riley Sandberg

13% of German students are international but they have a 45% drop out rate

Causes:

- No support for New Students
- Housing Shortages
- Complicated Bureaucracy
- Language Barriers

Solutions...

International office support for new students

Central Guidance

- Ways to find housing
- Who to contact for support?
- Avail spot in German language course
- Support for visa related issues

More German classes, Private housing coordination

Thank you

Special thanks: Helb Kuftseryn Elise Eimre

6.

Estonian Academy of Arts

In a constantly evolving world

Digitalization is inevitable

Problems?

Teaching methods are outdated

It is hard to keep up with the pace

But what is the solution?

How can universities catch up?

Collaborate!

"Digitalization" made by Ines, Khadeeja, Viktor.

7.

University of Silesia in Katowice

We can not change the future,

if we don't listen to each other

Students want to have an influence

on how the university works

We have our system of education

that we know, that is easy for us.

But what if the system forgot the World is changing?

We lose challenges, hope, aspiration, novelty, growth, excitement, students.

We need changes:

more individual approach to develop our skills

More practical classes to polish our skills

More open opportunities to show off our skills.

We can make a difference together.
