

RULE OF 5 STEPS TO STOP CORONAVIRUS SPREAD

STUDENTS AND DOCTORAL STUDENTS

**1. ARE YOU FEELING BAD? HAVE YOU BEEN CONFIRMED COVID-19 POSITIVE?
HAS SOMEONE AROUND YOU TESTED POSITIVE FOR COVID-19?
DOES SOMEONE AROUND YOU HAVE SYMPTOMS CHARACTERISTIC FOR CORONAVIRUS?**

YES

NO

You can come to the University!
Remember to monitor your health status and follow the sanitary regime.

2. WHERE ARE YOU?

AT THE UNIVERSITY

AT HOME

A. Inform about your situation the teacher (directly) or Dean's Office (by phone or e-mail) and follow the procedure below.

B. Inform the Dean's Office (by phone or e-mail) about your situation, stay home and follow the below procedure (starting from point D).

3. PROCEDURE

A. Stop attending on-site classes and go to the isolation room.
Give the Dean's Office a list of people you had contact with during the last 10 days

B. If possible, consult the doctor by phone from the isolation room

C. Go home for self-isolation (do not use public transport)

D. Watch your symptoms, follow the recommendations of the doctor and/or local sanitary-epidemiological station

E. When you receive the results of coronavirus test, inform the Dean's Office about it

4. FURTHER ACTIONS

POSITIVE RESULT

A. Contact the relevant sanitary service and determine the further procedure.

Send the info about the result of your test to covid@us.edu.pl.

NEGATIVE RESULT

B.

NO TEST

(I wasn't sent to the tests and didn't decide to arrange the test privately)

C. Wait for the end of the quarantine period required by the sanitary service.

Determine the possibility to participate in remote classes.

5. AFTER THE END OF THE IMPOSED ISOLATION PERIOD, WHEN THE SYMPTOMS DISAPPEAR, OR WHEN YOU RECEIVE A NEGATIVE RESULT OF THE NEXT CORONAVIRUS TEST, YOU CAN GO BACK TO CLASSES ON-SITE
