

Projekt pt. „JUSt transition - Potencjał Uniwersytetu Śląskiego podstawą Sprawiedliwej Transformacji regionu”

Academic Entrepreneurship Consultation Point of the University of Silesia

Do you have a business idea, a social project, a creative cultural, or artistic initiative but don't know where to start?

You don't need to be an expert in entrepreneurship to benefit from our support! **spinPLACE** is a space for everyone—regardless of your field of study or previous experience.

What kind of support can you get?

1. Develop your idea—no matter the field:

- **Support in preparing your project:**
 - We'll help you understand how to transform your passion into a concrete initiative, whether it's an art exhibition, a social project, or a business idea.
- **Idea generation and testing:**
 - Don't have a specific idea yet? No problem! We'll guide you through a creative process to uncover new opportunities in your area of interest.

2. Skills useful for your career:

- **Social and educational projects:**
 - Leverage your skills to design innovative business, educational, or social projects.
- **Presenting and pitching ideas:**
 - We'll teach you how to confidently talk about your projects—a skill useful not just in business but also in professional life, such as defending your master's thesis or applying for grants.
- **Creating impactful presentations:**
 - Learn how to craft slides that leave an impression and deliver presentations with confidence.

3. Networking and promotion:

- Build connections and learn how to effectively promote your initiatives.

4. Technical and Legal Support:

- **Intellectual Property Protection:**
 - We assist in obtaining patents, copyrights, and securing your ideas.
- **Prototyping:**
 - Whether you're creating a physical product or an artistic concept, we support prototyping and the implementation of your projects.
 - We offer access to specialized equipment such as 3D printers.
