

**The timetable of academic year 2023/2024, summer semester**  
**2nd cycle studies, 1st year Biotechnology**

from-to	Monday	Tuesday	Wednesday	Thursday	Friday	from-to
8:00 - 9:30				BIOETHICS Lecture s. 119 22th February to 25th April	Environmental biotechnology Lecture C-47 23th February to 12th April	8:00-9:00
						9:00-10:00
9:45 - 11:15	STATISTICAL METHODS... Lecture s. A-139 from 6h May to 10th June			Bioethics Seminar s. 119 22th February to 25th April	Specialization seminar II	10:00-11:00
11:30 - 13:00	ETHNOBOTANY AND ETHOECOLOGY Lecture s. C-47 from 08th April to 10th June (without 20 th May)		ETHNOBOTANY AND ETHOECOLOGY Lecture s. B-206 from 21st February to 27th March	Laboratory B-205 from 8th May to 12th June	Specialization laboratory II	11:00-12:00
						12:00-13:00
13:00 - 13:45		Environmental biotechnology Lab C-154 20th February to 30th April	cons			13:00-14:00
13:45 - 15:15	Statistical methods in biological science Seminar s. A-139 from 6th May to 10th June		Food microbiology and nutritional... Laboratory A-41, 320 from 3rd April to 22th May		Specialization laboratory II	14:00-15:00
						15:00-16:00
15:30 - 17:00						16:00-17:00
17:15 - 18:45				Food microbiology and nutritional... Lecture on-line from 11th April to 9rd May		17:00-18:00
						18:00-19:00
19:00 - 20:30						19:00-20:00
